Public Relations Officer
Central Intelligence Agency
Washington 25, D. C.

Dear Sir:

By any chance do you give background or briefing sessions with groups of visiting juniors and seniors? From February 1st through 5th, we will have a group of about twelve juniors and seniors in Washington who would like very much, if at all possible, to hear an explanation of the Agency from some officer in it. If this is at all possible, we would appreciate it.

Please do let me hear at your convenience.

Cordially yours,

Channing B. Richardson
Associate Professor
